VIP MOVEMENTS REPORT

May 2, 1977
(As of 1400)

This document is an informal CIA publication issued for the use of certain senior Agency officials. It is intended to keep them informed about the movements of world leaders at the head of state, top cabinet and defense level, although others for whom there is special interest are also included. The document thus does not pretend to be all inclusive of VIPs and, because of inevitable changes in plans and other vagaries peculiar to travel (weather, alterations in carrier schedules, etc.), cannot be entirely accurate.
